And we can also furnish you anything you want in the WHITE LEAD and OIL, colors of all kinds either dry or ground in oil. OL YOUSE HURT.

Ol Youse, who in company with James Chew and Arthur Carney, left here one week ago last Sunday to join the Spavinaw hunters in the Indian Territory, met with an accident the following Wednesday about noon which came near costing him his life. He went out hunting with Charlie Noble and Kelly Carmichael and shot a turkey. The turkey, only wounded, hid in the grass and he couldn't find it. Becoming disgusted, he left Noble and Carmichael and started back to camp, shooting squirrels on the way. When within 300 or 400 yards of camp he shot a squirrel and it lodged in the forks of a tree. Ol climbed after it and when 22 feet from the ground he fell, striking on his head and shoulders. His left arm was broken about midway between the elbow and wrist and his head, shoulder and breast were severely bruised. He was alone at the time, but when he regained consciousness, about an hour later, he managed to get to his feet, and, using his gun for a crutch, hobbled along towards camp. He could make a little noise which attracted the attention of a man on horseback, who notified the boys in camp. A wagon was procured and he was taken to the camp and a doctor, who lived about four miles away was summoned. The fracture to the arm was reduced, and the next day Noble and Carmichael took the injured man to the M. K. and T. railway at Adair and started home with him, arriving here last Friday evening.

Upon arriving, Dr. Chas. M. Jones was summoned and is now looking after the case.

At last accounts Mr. Youse was resting as well as could be expected and if no trouble arises from the injuries to his head he will pull through all right. But 'twas a close call.

C. R. Gould, formerly a business man of this city, spent Sunday here. Charlie is traveling for a Kansas City wholesale house and making a success of it, not only for himself, but for his house as well.

Melrose and Keelville people want telephone connection with Baxter Springs, and thereby shorter connection with Galena and Joplin. As it is now, Melrose people, when they want to talk to Baxter, Galena or Joplin, must phone to Faulkner, thence to Parsons, Pittsburg, and other points, and of course the service is very unsatisfactory. Mr. Dow of the Baxter Telephone Company has been spoken to about the matter and it may be he will relieve the country west of us. We hope so.

If you are bald; if your hair is falling out, or if you are troubled with dandruff, there is but one way to cure it. Shampoo once a week with agood clean soap and apply Beggs' Hair Renewer. It has cured thousands and can't fail to cure you. Try it now. DeWitt & Thompson.

A Springfield, Mo., dispatch of recent date says Judge McAfee of the criminal court has thrown a bombshell into the ranks of the "400" of that place. Some parties had been arrested and tried for playing progressive whist for prizes. In his charge to the jury Judge McAfee made use of the following language: "The law makes all games of hazard criminal, with no regard whatever to the amount of the stakes. It is no less or more a crime to play duplicate whist or progressive eucher in private homes for prizes, depending upon the chances of holding the best cards, than for plug hat, kid glove professionals to play draw poker in their own gilded apartments for big stakes. The little darkey who shoots in the back alley for a copper shot, is no more or less a violator of the law than they, and if he is to be punished, why should gaming indulged in by highly respectable members of society go unpunished?"

There is no pleasure in life if you dread going to the table to eat and can't rest at night on account of indigestion. Henry Williams of Booneville, Ind., says he suffered that way for years, till he commenced the use of Kodol Dyspepsia Cure, and adds, "Now I can eat anything I like and all I want and can sleep soundly every night." Kodol Dyspepsia Cure will digest what you eat. DeWitt & Thompson.

Does It Pay to Buy Cheap?

A cheap remedy for coughs and colds is all right, but you want something that will relieve and cure the more severe and dangerous results of throat and lung troubles. What shall you do? Go to a warmer and more regular climate? Yes, if possible; if not possible for you, then in either case take the ONLY remedy that has been introduced in all civilized countries with success in severe throat and lung troubles, "Boschee's German Syrup." It not only heals and stimulates the tissues to destroy the germ disease, but allays inflammation, causes easy expectoration, gives a good night's rest and cures the patient. Try one bottle. Recommended many years by all druggists in the world. For sale by DeWitt & Thompson.

IMPORTANT NOTICE.

All parties knowing themselves indebted to me must call at the old stand and settle in the next thirty days. BURTON SMITH.

QUESTION ANSWERED.

Yes, August Flower still has the largest sale of any medicine in the civilized world. Your mothers and grandmothers never thought of using anything else for indigestion and biliousness; doctors were scarce and they seldom heard of appendicitis, nervous prostration or heart failure, etc. They used August Flower to clean out the system and stop fermentation of undigested food, regulate the action of the liver, stimulate the nervous and organic action of the system, and that is all they took when feeling dull and bad with headaches and other aches. You only need a few doses of Green's August Flower, in liquid form, to make you satisfied there is nothing serious the matter with you. Sold by DeWitt & Thompson.
